Summary

A proficient Software Engineer specializing in React.js and Next.js development. I have honed my skills in building high-quality web applications. My expertise extends to designing responsive user interfaces using modern CSS frameworks like Tailwind and Sass, and ensuring seamless collaboration through GitHub. I have a proven track record of writing clean, maintainable code and efficiently debugging and troubleshooting issues. Additionally, I possess good communication skills and thrive in team environments. I am passionate about staying updated with emerging technologies and continuously improving my skill set.

Skills

React.js · React Native · Next.js · Node.js · Express.js · Jquery · javascript · Typescript · Tailwind · Bootstrap · Scss · Github · Axios · Rest Api · React query · Gsap
